

## MISS UNIVERSE

He's looking for the missing piece to make his life complete  
The perfect accessory to slip between his sheets.

He's gone global searching for this chick  
Just to park her in a trailer way out in the sticks.

*Go ahead and try it, I know just how you think  
That you can win this pageant and pull him from the brink.  
But take it from the banished queen, his old Miss Universe  
When you hear the story, he'll say I was the worst.*

He says he likes smart girls full of confidence and cachet  
You'll be perfect for the lead in his small-town, one-act play.

Your resumes and zodiac are both a perfect match  
He's looking like an itch that you can't wait to scratch.

*Go ahead and try it, I know just how you think  
That you can win this pageant and pull him from the brink.  
But take it from the vanquished queen, his old Miss Universe  
When the next one hears the story, he'll say you were the worst.*

Brains and beauty plus Lifetime Movies create the perfect storm.  
You love him and he loves you, what could possibly go wrong?

*Go ahead and try it, I know just how you think  
That you can win this pageant and pull him from the brink.  
But take it from the reigning queen, my own Miss Universe  
When you hear my story, you'll know you weren't the first.*
