

*You don't owe me nothing,
I get paid every time you smile.
I'll take that grin
over and over again.
It's a fight I can't win
When I see you smile.*

Oh, baby girl,
Please don't be sad.
Take it all
I won't be mad.

*Cause you don't owe me nothing,
I get paid every time you smile.
I'll take that grin
Over and over again.
It's a fight I can't win
When I see you smile.*

My heart's desire
Is to see you soar
Take it all
I'll give you more.

*Cause you don't owe me nothing,
I get paid every time you smile.
I'll take that grin
Over and over again.
It's a fight I can't win
When I see you smile.*

It's hard to say
What's for the best
Take it all
I'll keep the rest.

*Cause you don't owe me nothing,
I get paid every time you smile.
I'll take that grin
Over and over again.
It's a fight I can't win
When I see you smile.*
